

Wonders of Peru

In this project, we will be learning all about the South American country of Peru. We will explore the human and physical features of the distinct regions of Peru, and promote tourism by persuading others to visit Peru. Through researching the national dishes of Peru, we will also design and cook our own version of some Peruvian food.

Child Led Activity

Your task is to research the Inca people of Peru. Try to find out about their:

- Location
- Housing
- Clothing
- Food
- Activities
- Other interesting facts
- Evidence of them in modern-day Peru, including Machu Picchu

Choose an interesting way to present these facts, e.g. PowerPoint, poster, fact file, etc.

Joint Activity

Learn about Machu Picchu together. Use child-friendly information sources to explore this modern wonder of the world.

Adult Led activity:

Questions to ask your child:

- Who lived/lives in Machu Picchu?
- What evidence is there to support this?
- Why was it located on a mountain ridge?
- Do you think that this is a good location? Why?
- Why do tourists want to come and visit?
- Do you think tourism is good for the local people? Why?

Please bring your home learning in or upload it to our home learning Seesaw account to share by:
Monday 29th June.
